## Collaborative poem

### The contribute for the future Seahe@rted Kids song

Hey, dear kid  
Have you ever heard  
The blue Ocean voice?  
Have you ever noticed  
The sound of the waves  
Overflowed by birds  
And calling for the braves?

Hey, dear friend  
Don't you think it's time  
To open our hearts to the sea?  
Let's save it!  
Let's protect it!  
Let's respect it!  
Let's love it!

Hey, dear student  
Have you ever studied about seas and oceans out there?  
Have you ever seen life down there?  
Wouldn't it be amazing just to sit and stare!  
Wouldn't it be fantastic if we could live down near!  
Let's all try to save everything out there!

Hey Dear Kid,  
Much pollution is in the sea,  
Fish are dying, can't you see?  
Save them as a babies  
Don't forget this is our duty!

Hey, dear friend  
Love and clean the sea  
But don't hurt it  
Touch the sand  
Only with your hand  
Visit the caves  
And surf the waves  
Take a shell  
And feel the smell  
Let's do it well  
Listen to me  
Listen to my hymn  
My dream is to swim  
In the deep blue sea  
It's also my wish  
to save all fish.

Hey, Dear Mate  
For the West, for the East  
For the North and for the South  
Let's come together for the SONG

For the Winds, for the Waves,  
For the Sands and for the Shells  
Let's come together for the SEAS

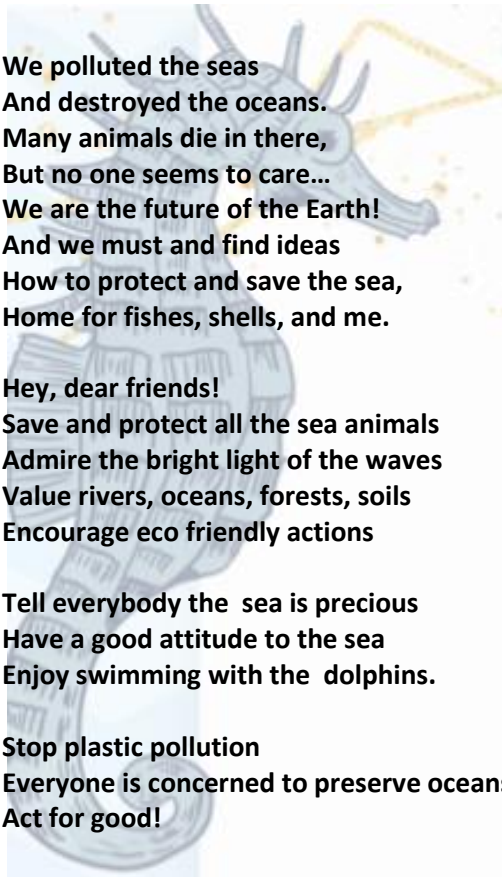

For the Oceans of the Dolphins'  
For the Kids with the Hearts  
and for the Hearts of all the Kids  
Let's come together for the FISH

Sea means life and future,  
Let's save it for the next generation!  
all the litter you throw reaches the sea,  
Let's protect it for our grandchildren!

Sea is the home of some creatures,  
Let's preserve it for the sake of fish!  
Without them the balance of Earth collapses,  
Let's do it immediately!!

Have you ever noticed the ocean's beauty?  
It's really perfect and sweet  
The waves whisper to me  
Calling me to the bright sand  
We have enough reasons  
To protect oceans

Have you ever seen harmony in the ocean?  
The height of the waves  
The breeze of the wind  
All the creatures live in harmony  
Like a beautiful melody  
It's the comfort potion of the ocean

We polluted the seas  
And destroyed the oceans.  
Many animals die in there,  
But no one seems to care...  
We are the future of the Earth!  
And we must find ideas  
How to protect and save the sea,  
Home for fishes, shells, and me.

Hey, dear friends!  
Save and protect all the sea animals  
Admire the bright light of the waves  
Value rivers, oceans, forests, soils  
Encourage eco friendly actions

Tell everybody the sea is precious  
Have a good attitude to the sea  
Enjoy swimming with the dolphins.

Stop plastic pollution  
Everyone is concerned to preserve oceans  
Act for good!

Whose Sea Ocean is that? I think I know.  
Its owner is quite happy though.  
Full of joy like a vivid rainbow,  
I watch her laugh. I cry hello.

She gives her Sea Ocean a shake,  
And laughs until her belly aches.  
The only other sounds the break,  
Of distant waves and birds awake.

The Sea Ocean is amazing, blue and deep,  
But she has promises to keep,  
After cake and lots of sleep.  
Sweet dreams come to her cheap

Hey, dear baby  
Learn to be happy  
Clean water,  
The welcoming beach,  
Which we have to keep  
No pollution!  
And then,  
Any living thing,  
Will enjoy  
Clean life, no pollution.

A drop of water is the secret of life.  
Rain or snow comes from the sky.  
they gather to give us the most beautiful paintings...  
Wide oceans...  
Beautiful sailor.  
Let us preserve the most beautiful gifts of God.

When I look to the sea, it takes me to a world of magic.  
The sea is a different world full of mysteries and secrets.  
The sea is just as life, the waves turn us without any warnings just as a child who plays.  
Or he calms down like a meek child falling asleep in his mother's arms.  
Sea beauty in the blue color, when you stand on the seashore you feel that he talks to you and reveals his endless beautiful secrets, and stories to you .

A place where I want to be  
It's a place beside the sea.  
Here I can build a castle  
From the soft sand by the sea.  
Here I can find the seashells  
And see the waves, which whisper to me.

Come to the beach  
Where the sea is blue  
And little white waves  
Come running with you.

I like the blue sea  
I like its shore  
I love golden dunes  
And green pine forests.
